APIPP Volunteer Lake Monitoring Program

Observation/Assesment Data Sheet

Lake/Pond Name: _____ Town/County:_____ Date:_____

Observation[1]	GPS Coordinates[2]	AIS Name	Size of Plant Bed[3]	Invasive Distribution[4]	% Cover[5]	Depth (ft)	Observation ID*	Assessment ID*

1. The number of invasive species locations you find beginning with 1.
2. If known, please enter the Datum of your GPS unit. Example: NAD83 or WGS84 are most common.
3. Estimate bed size in feet as length x width. Example: 45x30 feet.
4. Single plant or clump, scattered plants/clumps, dense plants/clumps, linearly scattered, or monoculture
5. Estimate the % of the area covered by the AIS (less than 5%, 5-25%, 26-50%, 51-75%, 76-100%)

* These ID #s are given to you after you enter Observation and Assessment information online using iMapInvasives; if you are not entering data online, leave blank
